SCHOLARSHIPS:-

Financially, the school relies mainly on its fee as we do not seek donations in cash or any other kind. Nevertheless, we offer scholarships in terms of partial waiver of School Dues to the needy and/or gifted students. We offer fee concession / scholarships in the following cases:

- Top position holders emerged after School Annual Examination (from the combined strength of boys and girls in the respective class) are encouraged by awarding half fee concession for 11 months of the new academic year.
- The needy and deserving orphans may also apply for fee waiver of 11 months during the entire academic session of the year. They are to launch their applications along with testimonials to the School Office by the end of the first month of the new session. These applications are entertained on merit.

* **Note: Fee concession / scholarships are not granted on the basis other than the conditions mentioned above.**

CO-CURRICULAR ACTIVITIES:-

Co-curricular activities improve students' learning experience by taking them outside the typical pen and pencil atmosphere. They enable the students to express themselves freely, be energetic and develop a spirit of healthy competition. That is why, various activities are planned during the session. We have a strong faith that

“Hard work always achieves success ”
which never lets our morale go down.
we also believe that there is always much
room at the top.

LIBRARY:-

Our students don't have to go far to find treasures. Rather, they have been supplied with much in our school library. It covers a wide range of books on multiple subjects to alleviate the thirst of those who quest.

THE WORLD OF TINY TOTS/OUR MONTESSORI

SECTION:-

The school administration is vigilant enough to anticipate the needs of modern day kids. To fulfill the modern era requirements, foundation stone of our Montessori was laid in the year 2005 and later, a fully equipped and spacious campus was acquired for that. In no time, the Montessori Section attracted the attention and great appreciation from all the parents, which is vividly apprehended from large numbers of kids appearing in the entrance test to seek admission.

We pray that Allah, the Benevolent and Merciful keeps showering His blessings constantly upon us. (Ameen)
